ACADEMICS

What course will your future take?

UCLA is a world-class research university nestled into a training ground for your talents: the global city of Los Angeles. Here, your effort will amount to more than just a fulfilling career, because everything we do, we do to better the community. Whether you want to change a life, a generation or the whole world, it all starts with the courses you take at UCLA.

Choose Your Life's Adventure

Over 125 majors are just the beginning of the beginning

It's not just the quantity or quality of programs that makes a UCLA education stand apart; it's how they all come together to help you discover your future. You will be encouraged to explore outside of the typical educational track, guided by faculty and in partnership with students who share your dreams.

Explore Programs & Majors

The University for the Future

100 years young and equipped for the problems of today

We're established, but we're not the establishment. We take pride in our history of Nobel Prize winners, MacArthur Fellows and a Fields Medal recipient, but what matters most is how you use this stage to create a better future. Whether you're enrolling as an undergraduate or graduate student, a culture of progressive, people-first problem solvers awaits.

Undergraduate Education

Graduate Education

Welcome to L.A.

It's no wonder that people from all over the world move to Los Angeles and never leave. As a thriving and global city, there is an abundance of industry and culture to explore. UCLA will become your gateway through internships, research, fellowships, jobs and more. Find a new scene or one that feels like home while you create a professional niche and network for your career.

Collaboration Is Our Game

Overhear conversations on campus and you will feel the fingerprints of interdisciplinary collaboration, but no two instances will sound or feel the same. Because when you witness curious students and award-winning faculty blur the lines between art, science, business, law, math and many others, you witness pure creation with a purpose.

Home / Admission

Undergraduate Admission

UCLA welcomes applications from students throughout California, across the nation and around the world. We value a variety of experiences and backgrounds, and we believe that diversity of people and their ideas strengthen everything we do.

Our admission process is holistic and individualized. We thoroughly review every application, looking for students who challenge themselves academically, engage in extracurricular activities and demonstrate a willingness to contribute in the community.

Our top-ranked academic programs, supportive environment and location in the global city of Los Angeles are just a few of the reasons why UCLA is the most applied-to university in the nation.

[Continue to Admission Website](#)

Application Deadlines

Each year, more academically talented applicants apply to UCLA than to any other university in the country. Our application process opens to entering freshmen and junior-level transfer students on August 1.

Interested in applying? [Get connected](#) with us and we'll keep you informed about application deadlines and more.

Application Deadlines and Tasks

DATE	TASK
August 1	Application opens for freshmen and transfer applicants for fall
November 1 – 30	Fall admission application filing period for freshmen and transfer applicants
March 2	Deadline for financial aid application, GPA Verification
May 1	Deadline for admitted freshmen to submit Statement of Intent to Register (SIR)
June 1	Deadline for admitted transfer students to submit Statement of Intent to Register (SIR)

A Surprisingly Affordable Education

Financial aid comes in many forms. We take pride in providing opportunity, regardless of socioeconomic background.

UCLA is consistently numbered among the most economically diverse, top-ranked schools. More than one-third of undergraduates receive Pell Grants. And nearly one-third of undergraduates are the first generation in their families to graduate from a four-year university.

CAMPUS LIFE

Welcome to the neighborhood.

Plan a visit to see why Bruins old and new say attending UCLA was "a life-changing experience." As a UCLA student, you are part of a community built around breathtaking scenery, convenient housing, renowned dining, diverse social life and more. It's all on campus waiting to be explored.

Campus Environment

Designed as a "college in a garden," the 419-acre Westwood campus sprawls across the Santa Monica Mountain foothills and south into the Los Angeles basin. You might wonder if every building, bench and path has a story to tell. Chances are, they do.

Stand where MLK Jr. gave his "Segregation Must Die" speech at the base of Janss Steps. Marvel at the red brick Romanesque Revival architecture of Powell Library, where Bradbury wrote Fahrenheit 451. Stroll past 16 different recreation centers, the playgrounds for Olympic medalists and mere mortals alike. And don't forget to stop for a selfie at the birthplace of the Internet.

Frequently rated one of the most beautiful college campuses in America.

Housing and Dining

It's no wonder that more than 98 percent of first-year undergrads choose to live in the residence halls — life on "the Hill" means you're a short walk from classes and everything else that campus has to offer. From the more than 5,000 annual events, to relaxing sunset vistas, and study rooms to palm tree studded terraces, it won't take you long to find your own happy place.

When it's time to eat, you have options. Taste, quality, healthy choices, sustainability, dietary restrictions and considerations all top the list, making this food scene the [nation's best](#). Look no further than this map to [find your next meal](#).

[Housing](#)

[Dining](#)

Clubs, Organizations and Recreation

Because students come from all over the globe and all walks of life, you're bound to make new friends, find inspiration and maybe even change the world.

What will you do together? With more than 1,200 clubs and student organizations, this campus has a [history of building community](#).

- Arts and Culture
- Business and Entrepreneurship
- Volunteering

[Explore Clubs, Organizations and Recreation](#)

Student Health

Your health and happiness are essential to the successful attainment of your educational goals. In support of your growth, the Arthur Ashe Student Health and Wellness Center (The Ashe Center) provides high-quality health and wellness services, rendered with kindness by dedicated professionals.

- Primary Care
- Women's Health
- Immunizations
- Travel Medicine
- Physical Therapy
- Specialty Clinics
- Radiology and Laboratory
- Acupuncture

Accessibility is key. Students can schedule appointments online and share secure messages with primary care providers. And there are other resources, too, like a 24/7 nurse line and safety escorts from dusk until 1 a.m.

[The Ashe Center](#)

Career Center

Immerse yourself in the pulse of Bruin life with a job on campus. Or set your sights on the Los Angeles job market and beyond with a competitive career plan. You can do either, or both, while exploring a cache of guidance and opportunity from the Career Center.
