OPPORTUNITIES BEYOND THE CLASSROOM

FREEDOM
TO
grow

A close-up photograph of two young female students. The student in the foreground is focused on cutting a piece of light-colored cardboard with a pair of scissors. The student behind her is looking on, holding a yellow marker. They are in a workshop-like setting with various materials and tools visible in the background.

WHO WE ARE

The German European School Singapore (GESS) is a not-for-profit international school, founded in 1971, where every child gets the freedom to grow through tailored academic and talent support within a caring community.

GESS offers two main curricula: International Baccalaureate (IB) programme and the German Curriculum.

The school caters to students of all ages, starting at 2 years all the way to graduation at 18 years.

In August 2018, GESS moved to a new purpose-built campus with brand new facilities at Dairy Farm Lane.

In 2021, GESS celebrated its 50th anniversary.

LEARNING BEYOND CLASSROOMS

We believe that learning, exploration and discovery beyond the classroom walls are as important to a student's growth as the lessons within. Therefore, we set up the BeyondClassrooms Programme with the following aim: connect students, with varying talents and interests, to a variety of opportunities that give them the freedom to grow.

We need the support of corporate partners, universities, and organisations to create such a network of rich and diverse opportunities.

OPPORTUNITIES BEYOND THE CLASSROOM

Workshops

- Assign experts from your company as mentors for students for a fixed period
- Hold a workshop on campus for our students in an area of your expertise
