UNIVERSITY OF
MARYLAND

E.A. FERNANDEZ IDEA FACTORY

BUILDING DEDICATION MAY 10, 2022

Sparking collaboration and innovation through its design, the E.A. Fernandez IDEA Factory encourages a collision of ideas across engineering, arts, business, and science. Its unique spaces and labs will enable students, faculty, and staff to address 21st century challenges while serving as a venue to translate research into invention and invention into product. The E.A. Fernandez IDEA Factory is the only building on University of Maryland's campus funded solely by private philanthropic support.
